Christine vs. Kevin

BATTLE OVER PRENUP!

Nastiest celebrity divorce ever? Kevin Costner's split from estranged wife Christine Baumgartner just got uglier. The actor's attorneys are firing back at Christine's claims that she was pressured into signing their \$400 million prenuptial agreement. (The former couple married in 2004, a decade after Kevin, 68, reportedly paid his ex-wife Cindy Silva roughly \$80 million in their divorce.) In new court docs, Kevin accuses Christine of making wild demands and wanting to "have her cake and eat it too. She asserts she cannot admit or deny that she understood the

Premarital Agreement because she (and apparently all of her attorneys) do not understand the word 'understood.' This is gamesmanship of the worst sort." Christine, 49, is "livid," says a source. "She's going to fight Kevin, but she has to be careful. Under the prenup's terms, she received a \$1.5 million payout, and she risks forfeiting that by challenging the agreement and making more demands. She could shoot herself in the foot." In the meantime, Kevin has been ordered to temporarily pay \$129,755 per month in child support. "Christine has finally moved out of their Santa Barbara home," says the source. "But this isn't the end of it — not by a long shot."

GUESS WHO?!

Why is this super-famous celebrity, who has milked her blond bimbo brand for decades, never talked about her royal family hookup? The buzz is that she's writing another book – and she'll finally name the prince she bedded.

Kendall Tells Friends: **BAD BUNNY IS 'THE ONE'**

Not ready for another televised Kardashian wedding? Sources tell us that Kendall Jenner, 27, feels she's found her soulmate in rapper Bad Bunny, 29, and wants to marry him. "They've only been dating for six months, but things are serious, and it feels right to Kendall," says a source. "She's already told him that she'd love to be engaged." Her sister, Kim, 37, is being more direct about wanting a ring in Kendall's honor – stat. "Kim's furious about Bad Bunny when it was going to happen," says the source. "Kendall cringed and made Kim promise to back off. She's afraid Kim may end up ruining things with Bad Bunny. Kendall is happy with how the relationship is going – she doesn't want Kim pulling pressure on them."

What Happened to Simon's Face?

Simon Cowell has copped to getting a face-lift, veneers, Botox and fillers over the years – but now some fans think he's gone too far. "Just stop doing plastic surgery," pleaded one online commenter. Simon, 63, previously admitted to going overboard on the fillers, saying he looked "like something out of a horror film" and didn't "recognize" himself. This time around, plastic surgeon Dr. Anthony Youn, who hasn't treated the *America's Got Talent* judge, suspects the star has had jabs of Botox "to smooth his forehead and lift his eyebrows. He also may have had injections around his mouth. Hopefully the injections were recent, as the effects can often settle down within a week or so."

NOW

Britney & Sam:

IT'S SOW

DOOMED UNION

"It wasn't a perfect union, not by a long shot," a source says of Sam and Britney, who have struggled since their wedding last year. "There was a lot of mistrust."

After 14 months of marriage – and shocking cheating charges – **Sam Asghari** files for divorce from **Britney Spears**

The signs were all there. In March, Britney Spears jetted off on a tropical vacation with her longtime friend and manager, Cade Hudson, leaving her husband, Sam Asghari – and her wedding ring – at home. Back in LA, Sam was also spotted without his ring, but his rep insisted it was only because he was filming. On June 9, the actor dutifully congratulated his “better half” on their first anniversary, but Britney was on a social media hiatus and made no mention of the milestone when she returned. Then on July 22, she abruptly deactivated her Instagram again. “It was at least the ninth time she’s quit social media in the past year,” says a source. “She usually does it when she’s going through a rough patch.”

This time, it was a big one. On Aug. 16, Sam filed for divorce – listing their date of separation as July 23. “They had a massive blowup fight the night before,” says the source. “But it certainly wasn’t the first argument. The relationship had been crumbling since they first said, ‘I do.’ She pushed Sam to the brink with her erratic behavior, which was off the charts. She was also constantly accusing him of lying and cheating and spying on her and other horrible things.” But in the end, it was *his* accusation that destroyed them. “Sam really didn’t like her hanging out with other men,” says the source, noting that videos of Britney dancing in a tiny bikini with Cade, whom she described as her friend “till the world ends,” especially irked him. “Sam thought she and Cade, who really is just a pal, hooked up and confronted her about it. She denied it, but he didn’t believe her, and she ended up in tears. That night, she told him it was over and kicked him out.” Now, Britney has reportedly hired high-powered Hollywood divorce attorney Laura Wasser. “The divorce,” warns the source, “is definitely going to get nasty.”

CRACKS IN THE FOUNDATION

Their marriage had been shaky from the start. The day of her wedding, Britney, 41, confessed to having a panic attack. Two weeks later, she admitted it was “not the smartest” to make so many big life changes at the same time and that she was “in shock.” In November, she expressed irritation with Sam, 29, in an awkward exchange on his livestream. Then on Dec. 9, he raised eyebrows by posting a video of himself singing “Happy Birthday” to her, but she didn’t appear in the frame, leading fans to speculate whether she was even there at all. “It was clear

IS SHE STILL UNDER A CONSERVATORSHIP?

Forget divorce: Some in the #FreeBritney movement suspect something far more sinister is going on. They point to Britney's wedding photos, cryptic social media posts and odd videos as "proof" that she's been replaced by body doubles and "deep fake" artificial intelligence. "The last time where I can say for a fact she is the one speaking" is her June 2021 court appearance, claims TikTok star Anita Datta, who's convinced the real Brit is secretly being held against her will in a mental health facility. Conspiracy theorists believe the termination plan — which was drafted when Britney's conservatorship ended in 2021 (but it was never made public because it details her medical history) — is actually being used by Sam, her parents, Jamie and Lynne, and members of her team to keep her locked up.

something was going on with her," says the source. The bizarre behavior sparked wild fan theories that despite the end of her controversial 13-year conservatorship in 2021, Britney was still being controlled by Sam and others (see sidebar).

But behind closed doors, he was the one trapped in her house, says the source. "Britney would switch from hot to cold in an instant. She'd scream at him that he was a con man, that he was secretly reporting to her family, that he fooled her into believing that he loved her, and he was just using her for fame and wealth."

Money was a major issue. Just before they tied the knot, Sam gave an interview to *GQ* in which he insisted he wouldn't be "a house husband" and revealed he'd like to put Britney on a budget. "The whole interview rubbed her the wrong way," says the source, adding that after 13 years of having no control over her \$70 million fortune, "Britney wasn't about to go back to asking for

permission to spend her own hard-earned money."

Another point of contention? Starting a family. Britney — who suffered a devastating miscarriage a month before the wedding and spent the rest of the year in anguish over her estrangement from sons Sean Preston, 17, and Jayden James, 16 — made no secret of the fact that she "desperately wanted another baby," says the source. But another insider adds, "Sam was in no rush to have children, despite everything he'd previously led her to believe."

TOXIC TURN

Their arguments were often explosive. Britney even "got physical with Sam," according to the documentary *TMZ Investigates: Britney Spears: The Price of Freedom*. And while Sam called the film "disgusting," he didn't deny the claims. Says the source: "I'd definitely say he endured some abuse."

He tried to fix things. In February, Sam and other members of her

inner circle reportedly planned an intervention. "But Britney freaked out. It was a massive betrayal that confirmed all of her worst fears," says the source. Sam tried to smooth things over with a carefully worded statement. "An intervention did not occur," he said, without denying that one had been discussed.

Since then, they've led mostly separate lives. "Some days they'd be on speaking terms," says the source, "but other days they didn't talk at all. It's very awkward."

Now it's only going to get worse. "There is a prenup, which of course favors Britney, but Sam will fight it. He knows more of her secrets than anyone," says the source. (A rep for Sam tells *In Touch*, "Claims that he is challenging the prenup are false.") The aspiring actor could easily threaten to spill secrets ahead of her upcoming memoir, *The Woman in Me*, due out in October. "If Sam is pushed into a corner," says the source, "he will fight back. He's holding onto some bombshells." ■

Princess Kate's TOP 10 ROYAL RULES

How the Princess of Wales masters the bizarre quirks of palace protocol

7. WORK IS UNPAID

Despite being a skilled photographer (and she wrote the foreword to *Hold Still: A Portrait of Our Nation in 2020*), as a royal, Kate, is not allowed to make money from the job.

9. HOLD PURSE WITH BOTH HANDS!

No, she's not worried about pickpockets. Royal experts claim the Princess of Wales always clutches her bags in front with both hands to deter unwanted handshakes.

8. ALWAYS PACK BLACK

When they travel, every member of the royal family has to have an all-black outfit in their luggage, in case of a sudden death while they're abroad. Elizabeth learned this the hard way – she was on an official tour of Kenya when her father passed away.

10. MIX UP THE MANICURES!

The late Queen Elizabeth II disapproved of brightly colored nail polish, so most women in the family – with the notable exception of Princess Diana! – have always stuck to pale pinks or neutrals. (Essie's Ballet Slippers is the unofficial preferred shade.) But Kate, 41, made headlines this past Easter when she stepped out with bold crimson nails for the first time. Presumably, King Charles doesn't micromanage her manis!

REBELLIOUS
RED!

RARE SIGNATURE

4. STAY OUT OF POLITICS

Not only can't she vote, but Kate is not allowed to express her political beliefs in public, because the monarchy is supposed to stay neutral. (She, of course, can still be cordial with political figures like Jill Biden.) Meghan Markle was slammed for breaking this rule by declaring she's a pro-choice feminist and supports paid parental leave.

3. ROYAL BLOOD GOES FIRST

A video of Kate recently made the rounds on TikTok, because it highlights her effortless etiquette during an April 2022 outing with Princess Anne. Since Prince William was not present, the Princess Royal outranked her – so Kate gracefully and subtly made sure Charles' sister took the lead throughout the engagement.

6. GIFTS ARE STRICTLY REGULATED

Anything presented to Kate, whether it be flowers from a fan or a trinket from a foreign dignitary, is carefully catalogued. Most bouquets, along with other items given by the public, are donated to churches, hospitals and charities. Official gifts belong to the Crown, though she can choose to keep any presents from personal friends that are worth less than about \$200. As for Christmas, the royals famously only give gag gifts!

2. CURTSY!

While royal highnesses like Kate technically aren't required to curtsy to other royal highnesses (including blood princesses like Beatrice and Eugenie), everyone is still expected to bend the knee in respect to King Charles and Queen Camilla.

1. LIMIT THE CARBS!

This is another holdout from the late queen, who only ate potatoes, rice and pasta on special occasions. "She [was] very disciplined like that," her former chef, Darren McGrady, once dished, adding that typical meals featured just grilled meat with vegetables. Naturally, anyone who dined with her had to stick to the same menu. (Although all bets are off at home, where Kate is known to whip up spaghetti carbonara for the kids.)

STARCHES ARE OUT!

5. NO AUTOGRAPHS

"I can't write my name, but I can draw," Kate told a child who asked for her autograph at the Chelsea Flower Show in May. That's reportedly due to forgery risks, though Catherine's signature has been printed on official holiday cards.

KIM & TRISTAN THE TRUTH ABOUT THE RUMORS

IN HER FACE

Khloé was "annoyed" after Kim partied with Tristan in Miami, says a source, "because it looked like they coordinated their outfits so they would match."

What's *really* going on between **Kim Kardashian** and her sister **Khloé's** ex

There they were — out in public again. Just weeks after they partied together in Miami, Kim Kardashian was spotted with her sister's baby daddy, Tristan Thompson, at Drake's concert in Inglewood, Calif., on Aug. 13. "They arrived to the show in the same car," says an eyewitness. "They looked like they were having a blast. Khloé seemed to be the furthest thing from their minds."

The sighting only added fuel to the rumors that something is going on between the Skims mogul, 42, and the basketball player, 32. "They're definitely close," a source tells *In Touch*, "and they don't try to hide it — even from Khloé. It stings. The last thing Khloé wants to see is the man who cheated on her stepping out with her sister."

CROSSING THE LINE

Khloé's relationship with Tristan — the father of her kids, True, 5, and Tatum, 1 — was rocked by major cheating scandals in 2018, 2019 and 2021. "Despite how much he hurt her, Khloé would take him back," says the source. "Kim would even defend him. They share this close bond. But it's unlikely that it goes deeper than that. Kim

considers Tristan a younger brother, although stranger things have happened when it comes to the Kardashians."

Still, even though nothing may be going on between Kim and Tristan, it hasn't lessened the blow for Khloé. "It's humiliating," says the source. "Despite everything he's put her through, Khloé is still holding out hope that they will get back together one day. Kim suddenly seems to be standing in the way of that happening."

THE FANS WEIGH IN

Like Khloé, internet sleuths have also noticed Kim and Tristan's "disturbing" connection. "I just think Kim gets off on knowing her sister's men fancy her," says one fan online, while another adds, "Kim has always been extra with Tristan."

Kim's supported him at his NBA games. He accompanied her to her daughter North West's January basketball games two months after they visited a juvenile detention center together. In 2021, Kim protectively cut a joke about Tristan's "sidepieces" from her *Saturday Night Live* monologue and admitted she was jealous of certain aspects of his onetime romantic relationship with Khloé, like how they worked out together, prompting Khloé to respond, "Girl, we always want what the other has."

It certainly looks that way to some. "Kim is hitting the town with Tristan while Khloé is home taking care of the kids," says the source. "She's furious. Who can blame her for feeling completely betrayed?" ■

The Kardashians Are Known for Their Twisted Relationships

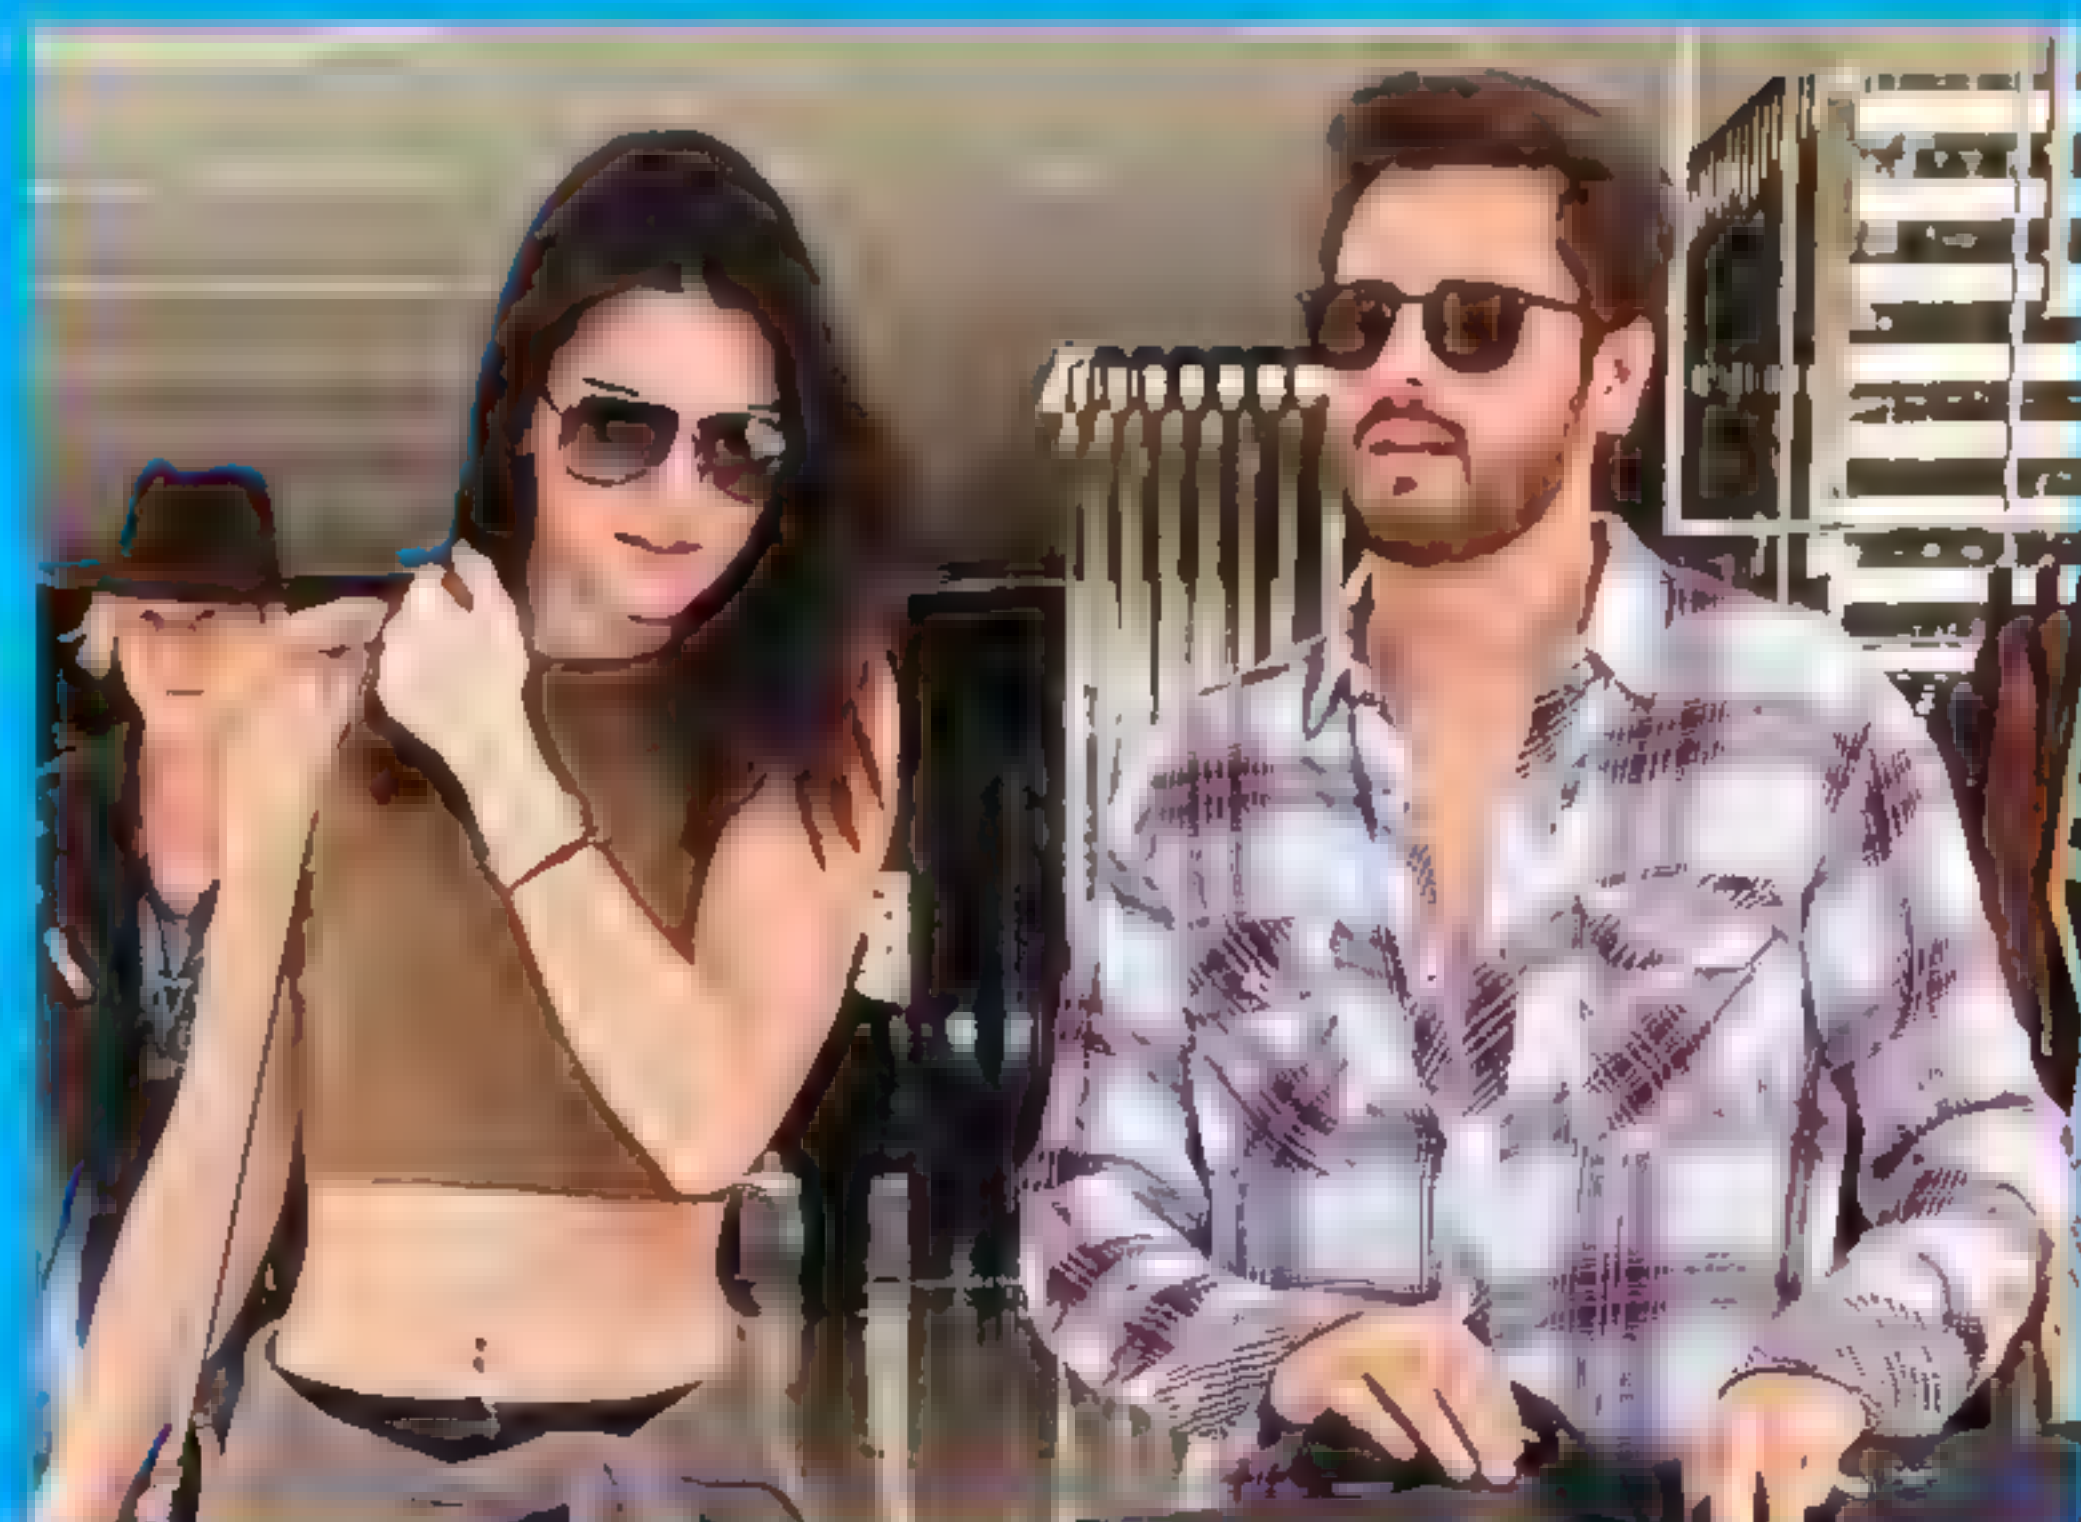

KRIS & KANYE

Some felt Kim's mom, Kris, was obsessed with Kanye and would shamelessly flirt with him. "I am in love with him," the 67-year-old once admitted.

SCOTT & KHLOÉ

Even though Khloé has denied hooking up with sister Kourtney's ex Scott Disick, Khloé has admitted their flirty relationship "is f---ing weird."

KENDALL & SCOTT

Rumors that Kendall, 27, had an affair with Scott when she was a teen emerged in 2016. She denied them, while Scott creepily joked, "Damn, I had you when you were young."

Rihanna Welcomes Baby No. 2

Rihanna announced her second pregnancy to the world without saying a word: She simply unveiled her baby bump during her electrifying Super Bowl halftime performance in February. So it was only fitting that six months later there was no official announcement when she gave birth to her second child. "Rihanna and A\$AP [Rocky] kept the news very hush-hush," a source tells *In Touch*. "They only shared it with close friends and family. They just want to focus all their attention on their beautiful new baby right now." According to reports, Rihanna had a girl, who joins big brother RZA Athelston, 15 months. The singer, 35, has always yearned to have a girl, telling *Essence* in 2019, "I'm a Black woman. I came from a Black woman, who came from a Black woman, who came from a Black woman, and I'm going to give birth to a Black woman. It's a no-brainer. That's who I am. It's the core of who I am in spirit and DNA." She added that she would strive to be as good a mother as her own. "My mother is an incredible example of how to fight through obstacles in life. I'm sure her mom taught her that, and that's how I'm going to be. We are impeccable, we're special, and the world is going to have to deal with that."

ASHLEY'S *Big Surprise*

Rihanna isn't the only one who likes to keep a secret. Ashley Olsen, 37, and her artist husband, Louis Eisner, 34, have quietly welcomed their first baby together, a son named Otto. "The news came as quite a surprise – especially since no one even knew Ashley was pregnant in the first place," says a source. "But Ashley, as well as [her twin] Mary-Kate, has always tried to keep her private life private, so this is par for the course." Ashley and Louis, the son of jewelry designer Lisa Eisner, were first linked

in October 2017; they tied the knot in an intimate ceremony in December 2022. "They couldn't be happier or feel more blessed right now," adds the source. "And Mary-Kate and Elizabeth [Olsen, their other sister,] are ecstatic to be an aunt. They're spoiling the baby rotten, as are Ashley and Louis." Ashley is estimated to be worth \$250 million, "so this child will want for nothing. Ashley has gone all-out with the nursery, and the baby will have the best designer wardrobe, of course!"

I'M LOOKING FOR MY SOULMATE!

The Bravo star and single mom of three is ready for her happily ever after

Dating isn't easy. And dating in Hollywood is even more difficult — just ask *The Real Housewives of Beverly Hills* star Garcelle Beauvais. "LA is tough!" the 56-year-old single mom says with a laugh. (Garcelle shares Oliver, 32, with ex Daniel, and twins Jax and Jaid, 15, with former husband Michael Nilon.) "But I'm learning patience," adds the actress, who's looking to finally meet her Mr. Right. "I hope the next milestone for me is finding my true soulmate." Here, Garcelle, who recently attended the 6th Annual Best Buddies' Celebration of Mothers presented by Cadillac, talks to In Touch's Lindsay Hoffman about what she wants in a man, her beauty secrets, and the trials and tribulations of raising teen boys.

Tell us more about your quest to find love.

GB: I'm seeing red flags more, but I'm also trying to focus on green flags. Sometimes we're just waiting for the other shoe to drop and we don't appreciate the little things someone is doing.

What are some of your green flags?

GB: Consistency. If somebody says they're gonna call, and they call at that time, and they show up when they say they will...that's big to me.

How was your summer?

GB: Busy! I was in the middle of *Housewives* Season 13. And I launched my second home collection, Garcelle at Home, with HSN. I also have two shows coming out on Netflix and Hulu. Plus I'm a mom and a grandma!

Have you given your younger sons any dating advice?

GB: Being respectful is important. Watching Jay with a girlfriend, I'm like ahhhh. But he's such a gentleman. If I'm dropping her off, he'll get out of the car and open her door.

They're going to be driving soon!

GB: They don't seem to be in a hurry, which I like. I couldn't wait to drive. But I'm OK with it, because that's my way of connecting with them. I get to drive them to practice or pick them up from school, and I don't want to let that go just yet.

You always look gorgeous. What's your secret?

GB: I love being a girl. I exfoliate at least twice a week, and I try to get good sleep, though I don't get enough of it. I don't do anything radical. I've never done Botox or fillers. I've seen my mom age, and she looked beautiful at 81.

What about diet and fitness?

GB: I like Pilates, but I've been so busy, and I haven't done c---. A lot of it is genetics. But I want to get back to Pilates and do some self-care. I like taking baths, lighting candles and listening to music at home.

How do you do it all?

GB: It's tricky. When I'm with my kids, I try to be with them and not on my phone. It's about quality time. But now that they're 15, they hardly come out of the room. I could be on fire and they'd never know! ■

Just when he thought he was out, they pull him back in! Denzel Washington returns for the third and final film in the action series, in which former government assassin Robert McCall tries to escape his violent past in Boston by moving to Italy's Amalfi Coast. But when he learns his new friends are being threatened by local crime bosses, the skilled vigilante has no choice but to take on the Sicilian Mafia. While the Oscar winner always brings his trademark intensity, the change of scenery is a highlight, as is his on-screen reunion with his co-star from 2004's *Man on Fire*, Dakota Fanning, who plays a CIA agent.

JONATHAN PUTS A RING ON IT!

It's official – after four years of dating, *Property Brothers* star Jonathan Scott and Zooey Deschanel are engaged. He popped the question during a family trip to Scotland, with the *New Girl* actress' two children, Elsie, 8, and Charlie, 6, playing a role in the special moment. "Forever starts now," the couple announced on their Instagram accounts on Aug. 14, adding some smiling heart emojis and an infinity symbol. "They'll probably get married at their home in California since it's so special to them and the kids, and there's a lot of room to have a huge tent in the backyard. That's why he wanted to do the proposal somewhere abroad that was meaningful, because everything else is going to be in LA."
